- 2021 Virginia General Election Candidates

## Important Deadlines for November 2 General Election:

- **First day of in-person voting at [local voter registration office](#):** Friday, September 17, 2021.
- **Deadline to register to vote, or update an existing registration:** Tuesday, October 12, 2021.
- **Deadline to apply for a ballot to be mailed to you:** Friday, October 22, 2021. Requests must be received by the local [voter registration office](#) by 5 p.m.
- **Voter registration offices open Saturday,** October 23, 2021 and October 30, 2021 for early voting.
- **Last day of in-person early voting at [local voter registration office](#):** Saturday, October 30, 2021 at 5 p.m.

For more information go to [Upcoming Elections - Virginia Department of Elections](#).
**Restoration of Rights**

Anyone convicted of a felony in Virginia automatically loses their civil rights - the right to vote, serve on a jury, run for office, become a notary public, and carry a firearm. The Constitution of Virginia gives the Governor the sole discretion to restore civil rights, not including firearm rights. Individuals seeking restoration of their civil rights are encouraged to contact the Secretary of the Commonwealth’s office.

To be eligible for restoration of civil rights, an individual must be free from any term of incarceration resulting from felony conviction(s).

Individuals are encouraged to contact the Secretary of the Commonwealth to request restoration of their civil rights by clicking here or calling (804) 692-0104.

The Secretary of the Commonwealth’s office also works with the Department of Corrections to proactively identify individuals who have been released and may be eligible to have their rights restored. Check to see if your rights have been restored or apply to restore them.

**How to Register to Vote:**

To be eligible to register to vote in Virginia a person must:

- Be a resident of Virginia (a person who has come to Virginia for temporary purposes and intends to return to another state is not considered a resident for voting purposes).
- Be a U. S. citizen.
- Be 18 years old (any person who is 17 years old and will be 18 years of age at the next general election shall be permitted to register in advance and also vote in any intervening primary or special election).
- Not be registered and plan to vote in another state.
- Not currently declared mentally incompetent by a court of law.
- If convicted of a felony, your right to vote must have been restored.

**Persons Eligible to Register can Obtain a Registration Application at any of the Following Locations:**

- Online Registration
- Local voter registration office
- Download a PDF copy of the registration form (En Español) (Tiếng Việt) (한국어)
- State or local government offices when applying or re-certifying for Temporary Assistance for Needy Families (TANF), SNAP, WIC, Medicaid, or Rehabilitation Services.
- Government offices in the State that provide State-funded programs primarily engaged in providing services to person with disabilities.
• Armed forces recruitment offices
• Public libraries
• Virginia Department of Elections office
• Department of Motor Vehicles offices
• Voter Registration Drives

The completed application can be filed with the local registration office or mailed to the address printed on the form. Application for registration can be submitted using a Virginia Voter Registration Application form or a National Voter Registration Application form. Military and other persons residing outside of the United States should contact the Federal Voting Assistance Program for registration information.

Once you have submitted your registration form, you should receive an information card or other correspondence confirming your registration status. If you do not receive one, contact your local Registrar’s Office to make sure that your application has been processed. You can also check for your voter record online. Please note that an information card or other correspondence confirming your voter registration status does not qualify as identification. For information on qualified identification for voting in person, or how to obtain a Voter Identification card, please visit: elections.virginia.gov/voterID or call toll free at (800) 552-9745 or TTY: 711.

Please note: The deadline to register to vote also applies to updating your voter registration address. Generally the deadline for registration is three weeks before a general election and shorter for special elections to fill vacancies. If your address change is not submitted to the office of the general registrar by the applicable deadline for the election in which you wish to vote, you may not be able to vote. Please notify the general registrar of address changes promptly.

Where to send your completed application:

The Voter Registration Application can be mailed via the U.S. postal service or hand-delivered to any official registration office.

• If mailed, the application must be postmarked no later than the deadline.
• If delivered in person, either by the applicant or a third party, the application must be received by the deadline. On the final day of registration for an election all general registrar offices close at 5:00 p.m.
• Applications postmarked or received after the deadline will be held and processed after the election.
• For questions concerning completing the application and voting on Election Day, call your local registration office.
• Check your voter registration record online.
• For other questions contact the Virginia Department of Elections.

Check more information here!
How to Vote: Absentee, Early, In Person

EARLY VOTING IN-PERSON:

You can vote early at your local registrar’s office beginning 45 days before Election Day and ending the Saturday before Election Day. Before visiting your local registrar’s office, you may wish to check your registration status or call your registrar’s office. You can find your registrar’s phone number on page 13. To vote early in-person, do the following:

- Starting 45 days before Election Day, visit your local registrar’s office or a satellite voting location in your county or city to vote early. Remember, the Saturday before Election Day is the last day to vote early.
- You do not have to have a reason or fill out an application to vote early.
- At the registrar’s office or satellite voting location, you must provide your name and address and show an acceptable form of ID or sign an ID Confirmation Statement. If acceptable identification is not provided, you must sign an ID Confirmation Statement or a provisional ballot will be offered and you are allowed until the Friday at noon following the election to provide a copy of acceptable identification to the electoral board or sign an ID Confirmation Statement. Provisional voters receive a notice to remind them of the deadline and right to attend the electoral board meeting.
- Accessible equipment and/or curbside voting is available upon request.

ABSENTEE VOTING:

Absentee voting is legal, safe, and encouraged if you are unable to physically go to the polls on Election Day! Citizens who will be absent from their city or county on Election Day, or who are unable to go to the polls because of illness or disabilities, may vote early (in person or by mail).

How to Apply for Absentee Voting:

First, you need to get a Virginia Absentee Ballot Application. You can get this from your local voter registration office, or you can print one out on a computer: Virginia Vote by Mail Application Form

Be sure the application includes the reason you need to vote absentee; the address you wish the ballot mailed to; your name, address, last four digits of your Social Security number and signature. A separate application must be completed for each election in which you need to vote absentee.

You can apply for an absentee ballot as early as 12 months before an election. If you apply by mail or fax, your registrar must receive your application by the Tuesday before the election date. If you apply in person at the voter registration office, you must complete the application and vote your ballot by 5 p.m. on the Saturday before the election.

Submitting Your Absentee Ballot:

You will receive specific instructions with your ballot. Vote the ballot as soon as you receive it. Seal your voted ballot in the envelope provided, in the presence of a witness. You may deliver
your own voted ballot in person, or mail it to your electoral board office using the pre-addressed envelope provided with your ballot. Your ballot must be received by no later than 7 p.m. on Election Day in order to be counted.

All local election offices allow you to vote an absentee ballot in person if desired, beginning approximately 45 days before the election, either at the voter registration office or other approved locations. If you go in person to the voter registration office, you do not need to bring a completed application. You will complete the application at the office and then vote your ballot at the same time.

ELECTION DAY VOTING:

- Find your polling location here!
- Bring your ID (helpful, but no longer required)
- Polls open at 6 a.m. and close at 7 p.m.

Note: If you are standing in line when the polls close, you will be allowed to vote.

What if I want to vote on Election Day, but I have a disability that makes voting difficult? Election officials are committed to making sure you can vote. If you have difficulty getting into the polling place, the election officials can bring a ballot to you in your vehicle outside the polling place. If you have limited vision, the voting machines are equipped with devices to help you vote in secret. If you have other disabilities, you can ask someone to assist you with voting.

What do I do if I’m currently living abroad? All U.S. citizens are entitled to vote in Federal Elections (the offices of President and Vice President, U.S. Senate, and U.S. House of Representatives). If you are an active duty member of the uniformed services, or if you are regularly employed abroad but maintain a permanent domiciliary address in Virginia to which you plan to return at some future date, you and any dependents residing with you are eligible to receive a full ballot, including all state and local offices and issues. Please complete the Federal Post Card Application. These applications are available at any U.S. military base in the world, or you can print out your form on a computer (Military & Overseas). Complete your application and return it to the voter registration office in the locality where you last resided in Virginia.

Want more information? Visit: Virginia Department of Elections,"Casting a Ballot."

Rights and Responsibilities

As a Virginia Voter, you have the following rights:

- To be treated with courtesy and respect by the election officials.
- To be notified if your voter registration has been accepted or denied.
- To vote if you have registered at your current address at least 22 days before Election Day.
To seek help from the election officials if you are unsure about anything relating to the voting process.

To be given a demonstration of how the voting equipment works.

To have your paper or optical scan ballot voided before it is cast and be given a new one if you want to change your vote.

To change your touchscreen ballot before it is cast.

To enter the full name of a write-in candidate if the candidate of your choice is not on the ballot (except in party primaries).

To have a ballot brought to your vehicle instead of entering the polling place if you are 65 years of age or older, or if you are physically disabled.

To have an officer of election or other person help you vote if you are physically disabled or unable to read or write (or need the ballot translated into another language). Blind voters may have any person assist them. Other voters may have anyone who is not their employer or union representative assist them.

- Note: The officer of election or other person who assists you must follow your instructions, without trying to influence your vote, and shall not tell or signal how you voted on any office or question.

To vote even if you have no identification with you at the polling place. You must sign the “Affirmation of Identity” statement before voting if you have no ID.

- Exception: Voters who registered by mail for the first time in Virginia on or after January 1, 2003, and who did not mail in a copy of their ID at that time, and who fail to show one of the federally required forms of ID when voting for the first time in a federal election must vote by Provisional Ballot in that election. They may not use the “Affirmation of Identity” statement at that election.

To vote a Provisional Ballot if your status as a qualified voter is in question, and to be present when the Electoral Board meets to determine if your ballot will be counted. See “Provisional Ballots” below.

To bring your minor child (age 15 or younger) into the voting booth with you to observe you vote.

To vote if you are in line by 7 p.m. when the polls close.

To cast an absentee ballot if you are qualified to vote absentee.

To register to vote absentee in Virginia if you are a U.S. Citizen overseas and your last residence in the U.S. was in Virginia, or you are a Virginia resident away in the military.

You cannot be denied the right to vote if you are legally qualified to do so.

Government officials must not apply standards or practices which deny or abridge the right to vote on account of race, and must not deny any individual the right to vote on account of errors or omissions in registration applications which are not material to determining whether such individual is qualified to vote. Officials must not apply different standards and procedures to voters in the same circumstances in determining whether they are qualified to vote.

As a Virginia Voter, you have the following responsibilities:

- To treat the election officials with courtesy and respect.
- To keep your voter registration information up-to-date with your current address. (If not, you may be eligible to vote at your prior precinct for a limited time under a legal
exception. You must tell the election officials when and where you moved. Contact your voter registration office or the State Board of Elections if you have questions about your eligibility to vote.)

- To show your identification (ID) at the polls. If you do not have an ID with you at the polling place, you may still vote if you sign an “Affirmation of Identity” statement, depending on your registration status. See “Provisional Ballots” below.
- If party nominating primaries are being held, to tell the officials which primary you want to vote in. You may vote in either primary, but not both primaries held on the same day.
- To request assistance if you do not know how to use the voting equipment or have other questions about the voting process, or need assistance preparing your ballot because of a physical disability or inability to read or write.
- To follow the instructions on how to mark your ballot.
- To understand that once your ballot is cast, you cannot be given another ballot.
- To ask the election official to call the General Registrar’s office before you leave the polling place if you have problems regarding your eligibility to vote or the casting of your ballot.

These statements are only a summary of U.S. and Virginia voting laws. Please read the “Voters’ Rights and Responsibilities” poster at your polling place or go to the State Board of Elections’ website.

Highlights from Virginia Organizing’s Recent Work

Right To Vote Amendment:

SJ 272: Constitutional Amendment (First Reference); Qualifications of Voters and the Right to Vote:
“Provides that every person who meets the qualifications of voters set forth in the Constitution shall have the fundamental right to vote in the Commonwealth and that such right shall not be abridged by law, except for persons who have been convicted of a felony and persons who have been adjudicated to lack the capacity to understand the act of voting. A person who has been convicted of a felony shall not be entitled to vote during any period of incarceration for such felony conviction, but upon release from incarceration for that felony conviction and without further action required of him, he shall be invested with all political rights, including the right to vote. A person who has been adjudicated to lack the capacity to understand the act of voting shall not be entitled to vote during this period of incapacity until his capacity has been reestablished as prescribed by law. This resolution is identical to HJ 555.”

Virginia is one of only three states that permanently punishes people convicted of a felony by taking away their right to vote unless the governor individually gives it back – an often long and arduous process. This archaic rule disenfranchises Virginians who can’t vote but who pay taxes every year. The right to vote is fundamental to our democracy and should not be a punishment in addition to a criminal sentence.

While the number of restorations has increased year over year during the last four administrations, individual restoration by governors is not enough.

During the General Assembly 2021 session, Virginia Organizing and a coalition of partners successfully lobbied for the first passage of the Right to Vote Constitutional Amendment. While we were disappointed that the version that passed continues to take away voting rights during incarceration, the more important advance was automatic restoration after incarceration.
Automatic restoration will put an end to the unjust process of having to apply for your rights after release. The amendment has to pass again during the 2022 session and then pass a statewide referendum to become part of the Constitution of Virginia.

**Cover All Kids:**

It’s time to cover ALL kids in Virginia! Expanding access to comprehensive and affordable children’s health coverage will benefit thousands of families across the state.

Many Virginia children are without health coverage. Every child should have every opportunity for a healthy start, and that includes having access to comprehensive health coverage. Unfortunately, roughly 96,500 (4.9%) children in Virginia do not have health coverage according to 2019 census data. While there has been some recent improvement in children’s insurance rates in Virginia, the state still ranks 25th in the nation for the number of children who do not have health insurance.

The maximum income that a family can earn in Virginia and still be eligible for health coverage through Medicaid or the Children’s Health Insurance Program (CHIP) is low. With an income limit set at 205% of the federal poverty level (FPL) — $45,018 for a family of three — Virginia is tied for 44th lowest in the nation along with four other states. Only two states (ID and ND), have more limited access to their public children’s health insurance programs than Virginia.

A child’s immigration status is a strong indicator of whether or not they have health coverage. Children who are citizens have an uninsured rate of 4.1%, while children who are non-citizens have an uninsured rate of 31.3%.

**Increase income eligibility for children’s health coverage.**

Virginia’s upper-income limit lags behind both the national median (255% FPL) and the median for Medicaid expansion states (266% FPL). Virginia should modernize eligibility standards and join 19 other states that cover children at or above 300% FPL. Increasing eligibility to 305% FPL ($66,978 for a family of three), would mean nearly 1 in 5 (roughly 18,650) uninsured children in Virginia who are citizens and currently not eligible for Medicaid/CHIP in Virginia could be connected to new affordable health coverage.

**Expand health coverage eligibility to ALL children.**

Six states (CA, IL, MA, NY, OR, and WA) and the District of Columbia use state-only funds to cover income-eligible children in Medicaid/CHIP who are otherwise ineligible due to immigration status. New Jersey and Connecticut state legislatures have recently approved similar expansions. Virginia should follow suit by expanding Medicaid/CHIP coverage to all children regardless of status. By increasing the Medicaid/CHIP income eligibility cap and expanding the program to all children regardless of status, over 30,200 children currently uninsured and ineligible for Medicaid/CHIP would have new access to affordable and comprehensive coverage. This policy change would provide a new and affordable health coverage option to roughly 1 in 3 (31%) uninsured children in Virginia.
Invest in a healthier Virginia.
State lawmakers have made recent progress in expanding access to affordable and comprehensive health insurance but more can be done to make sure Virginia’s youth are covered. Investments in Virginia’s children will help make sure more families can meet their health needs without risking their financial well-being. It’s time to cover all kids and become a national leader for children’s health coverage.

Universal Childcare:

Make Childcare a Priority! Virginia Promise Partnership: Home

Virginia Promise Partnership: The Virginia Promise Partnership is working together to ensure all Virginia families have access to affordable, quality child care by 2030, regardless of income.

Access to affordable, quality child care has the power to transform the lives of Virginia’s children, families, businesses, and communities. Those with access to quality early childhood education programs start life with a lasting advantage and have the opportunity to build skills for long-term success. Without access to these programs, Virginia’s children may not be ready for success in kindergarten and beyond.

In addition to its profound impact on early development, access to affordable, quality child care is essential to supporting Virginia’s working families. Widespread lack of access has forced many working parents and guardians to reduce hours, turn down promotions, and leave the workforce all together. As a result, businesses across Virginia face significant losses in earnings, productivity, and revenue.

More broadly, access to affordable, quality child care is tied to the underlying health of communities. Virginia’s lack of investment in our child care system disproportionately impacts minority populations, reinforces poverty, and stunts economic mobility. We must take action to expand access to quality, affordable child care!

Fund Our Schools:

Fund Our Schools Coalition: About Us | Fundourschoolsva

With an unprecedented amount of one-time federal funding available to Virginia from the American Rescue Plan (ARP), the state has a significant opportunity to invest in students and communities who have been historically under-resourced and most harmed by the pandemic.

Our coalition has identified four major priorities for appropriating the ARP state discretionary funding, in addition to existing state resources. We believe investing in these four critical areas will prioritize attending to students who have been most negatively impacted by the pandemic, and lay the groundwork for sustainable infrastructure and service models that will outlast the one time funding.

1. School Based Wraparound and Support Services
● Invest in a community schools model and system navigators
● Support community based organizations serving students and families

2. Create and Fully Invest In the Equity Fund
● Invest $62 million per year over the next three years to codify the Equity Fund

3. Allowable General School Infrastructure Support
● Invest the full differential of the revenue loss provision

4. Broadband Access and Affordability
● Invest in Broadband Infrastructure
● Consider programs designed to make broadband affordable to those with low incomes

Who Is Virginia Organizing?

Virginia Organizing is a non-partisan statewide grassroots organization dedicated to challenging injustice by empowering people in local communities to address issues that affect the quality of their lives. Virginia Organizing especially encourages the participation of those who have traditionally had little or no voice in our society. By building relationships with individuals and groups throughout the state, Virginia Organizing strives to get them to work together, democratically and non-violently, for change.

Virginia Organizing Statement of Beliefs
● We believe that all people should be treated fairly and with dignity in all aspects of life, regardless of race, class, gender, religion, sexual orientation, gender identity and expression, age, ability, immigration status, or country of origin.
● We believe that every person in the Commonwealth is entitled to a living wage and benefit package that is sufficient to provide the basic necessities of life, including adequate housing, a nutritious diet, proper child care, sound mental and physical health care, and a secure retirement.
● We believe that every person is entitled to an equal educational opportunity.
● We believe that community, economic, social, and environmental policy should be developed with the greatest input from the people it is meant to serve, and that the policies should promote, celebrate and sustain the human and natural resources of Virginia.
● We believe in the elimination of the extremes of wealth and poverty, in a progressive tax system based on the ability to pay, and in making the nation’s financial systems, including the Federal Reserve Bank, more responsive to the average citizen’s needs.
● We believe that we should enhance and celebrate diversity in our community and in our state.
● We believe that those who have positions of authority in our governmental bodies, law enforcement agencies, and institutions of learning should reflect the diversity of our communities.
- We believe that our public officials should be held accountable for their actions and decisions.
- We believe in the rights of workers, consumers, shareholders, and taxpayers to democratic self-organization.
- We believe in the elimination of the death penalty in all cases because it is fundamentally inhumane, ineffective as a deterrent to crime, and disproportionately and unjustly applied against people of color and those who are economically or educationally disadvantaged.
- We believe that physical and mental health are parts of personal and community well-being; we believe that Virginians have a broad public health and economic interest in ensuring that adequate care is available to low and moderate-income residents.
