The working families of the Virginia AFL-CIO wish the Virginia Organizing a successful 2022 Grassroots Gathering!

Thank you to Virginia Organizing for joining us in the fight for affordable health coverage, lower prescription drug prices, and fair taxes.

WHO WE ARE:
Health Care for America Now (HCAN) brings together national and state grassroots organizations to fight for quality, affordable health care for everyone in America, to protect Medicare, Medicaid and the social safety net, and to make the rich and corporations pay their fair share of taxes to support the economy.

WHAT WE DO:
HCAN believes that in a democracy, it’s constituents and voters who make change by taking action that holds elected leaders accountable for the policies that prioritize our values and needs, not just those of the rich and corporations. Our network of state and local partners works together to engage people who are impacted by health care and adjacent issues like food security and paid family medical leave so that, together, we can have the power to make changes that will improve our lives and make our families healthier.
